PROFILE

I am a highly proficient graphic designer with over three years of experience. Throughout my career, I have consistently demonstrated reliability, competence, and a focused approach to my work. I have successfully led numerous graphic design projects across diverse areas, including marketing, web design, and other related disciplines. My expertise encompasses a wide range of design tasks, ensuring high-quality results that meet the unique needs of each project and client. I come with a strong foundation in web development and design. Currently pursuing a degree in Information Technology at Knutsford University, Accra. Passionate about becoming a skilled front-end and back-end developer, with a long-term goal of leading and managing a tech firm. Committed to continuous learning and professional growth in the field of technology.
